About Lubrimaxx

Lubrimaxx Pty Ltd is a 100% Australian owned company that caters for your every automotive and industrial product need. We take pride in our extensive range of quality lubricating oils, coolants and additives, all manufactured to exceed international standards.

Lubrimaxx is a privately owned and operated business that has been supplying a quality range of products since 1988 to the Australian market. We are involved in the manufacturing and distribution of lubricants to all major Australian States and Territories. Lubrimaxx also supply our quality products to South-East Asia, New Zealand and Pacific Islands.

Lubrimaxx is ISO 9001 accredited, guaranteeing product integrity and maximum quality control over the entire range.

Today Lubrimaxx is situated in a large facility in the Western suburbs of Melbourne and has 10,000 sq meters of dedicated manufacturing and warehousing space in Australia's premier petrochemical manufacturing area.

Lubrimaxx retail, wholesale and commercially market Lubricant products and have a national network of distributors and stockists strategically placed around Australia and Asia.

A Quality Assured Company

Lubrimaxx Pty Ltd is a dedicated manufacturer and wholesale supplier of finish blend lubricants. Products are manufactured using raw materials which are quality assured and supplied by companies which are accredited to ISO 9001. All Lubrimaxx products meet or exceed the performance criteria set by the American Petroleum Institute and Society of Automotive Engineers.

Keep it clean!

Eziclean manufacture, market and supply a superior range of high quality cleaning products. Products in the Eziclean range are suitable for industrial, commercial and domestic applications. Our goal is to offer a range of superior quality cleaning products relevant to today's cleaning needs.

eziclean 

Lubrimaxx Pty Ltd manufactures all Eziclean products. For further information about our Eziclean and Lubrimaxx Quality Product Range, please view our website at:

www.lubrimaxx.com

In addition to our substantial retail network, Lubrimaxx markets to a broad range of customers throughout various industrial and transportation sectors as well as motor car dealerships and workshops.

Products in the Lubrimaxx line-up include a varied range of petrol, diesel and LPG oils to suit every application. We also manufacture and market specialty products such as grease, solvents, premium synthetic lubricants, transmission fluids and additives.

What Lubrimaxx can do for you

One of our specialties lies within the automotive and racing car industries where our products offer the highest level of protection against combustion, sludge deposits and heat induced oil oxidation.

Lubrimaxx fully and semi synthetic motor oils are suitable for late model cars running on leaded or unleaded petrol, LPG fuelled vehicles and Diesel engines, assisting in maintaining engine cleanliness while enhancing fuel economy to reduce emissions.

Under our Eziclean label we manufacture a variety of industrial strength, biodegradable cleaning products suitable for cleaning heavily soiled trucks and cars for pressure washing of engines and engine bays and suitable also for most surfaces including walls, floors (vinyl and concrete).

We are very customer focussed and are always working to meeting our customer's requirements. We welcome regular feedback and our service is backed by an efficient technical and sales distribution system.

Lubrimaxx can cover all your lube needs be they auto, industrial or agricultural, in a variety of sizes from 80ml to 1000lt.

For a full listing of our Range and Product pricing please contact Lubrimaxx on one of the methods as seen below within our 'Contact us' section and we will be happy to discuss your requirements.
